cause by purifying the blood. This is just what S. S. S. does; and it is the only molicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, and other strong minorals are often used in the Lope that such powerful treatment will kill the germs, but this can not be done, and when the mineral medicines are left off the trouble always returns with its aggravating symptoms of ulcerated mouth and throat, skin eruptions, falling hair, yellow skin spletches, swellen glands, and often running sores. The ability of S. S. S. to cure Contagious Elood Poison comes from its unfailing blood-purifying properties. It goes into the circulation and removes overy trace of the infection, makes the blood rich and healthy, and leaves no dregs of the virus to break out later on. S. S. S. does not contain a particle of mineral in any form, but is made entirely of roo's, herbs and parks each of which has a direct and specific action in cleansing the blood. In addition it contains the extracts of certain botanical herbs which make it the finest of all tonics, which is a necessary quality for a medicine in curing Contagious Blood Poison. Home Treatment book, containing much valuable information and instruction to be found nowhere else, will be sent sealed and post paid, free to all who write and request it.
